

Powerful Magnetic Attachment, Lights Up Instantly!

◆ Product Description:

- This shelf light is designed specifically to brighten up your storage spaces. With strong built-in magnets on the back, it attaches securely to metal shelves, display cabinets, or the side of a refrigerator—no tools or drilling required.
- The light is bright and even, instantly enhancing the visual appeal of shelf items and making it easier to find what you need.
- Strong Magnetic Hold – Stays firmly in place, easy to install and remove
- Stick & Use – No drilling, no damage to surfaces
- Bright & Even Light – Illuminates items clearly
- Versatile Use – Perfect for metal shelves, warehouses, display cases, and more

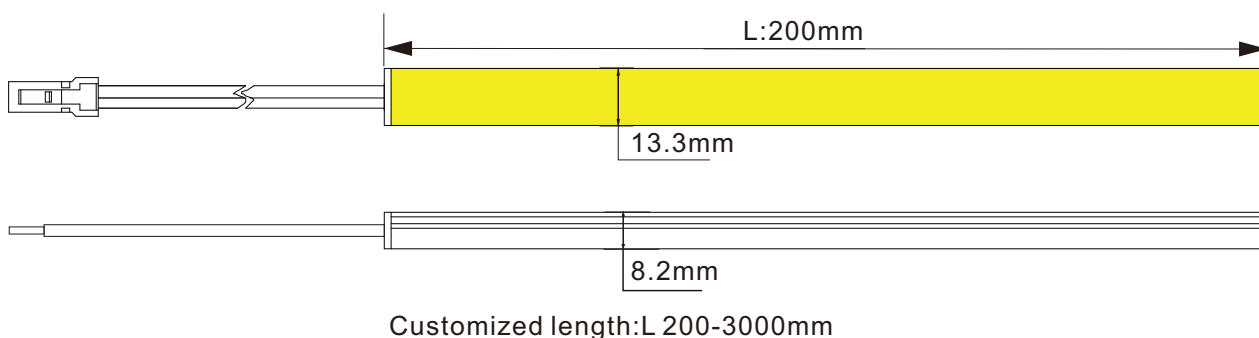

◆ Product Datasheet

Product Number	B013120BB1LZ
Operating Voltage	DC12V
Power	10W/M
SMD Type	2835
LED Qty	120LED
CCT	3000K/4000K/6500K
Option Color	Iron Grey
Beam Angle	120°
Ra	90
Size (mm)	200x13x8mm
IP Rate	IP20
Operation Temperature	- 25 ~ 60°C

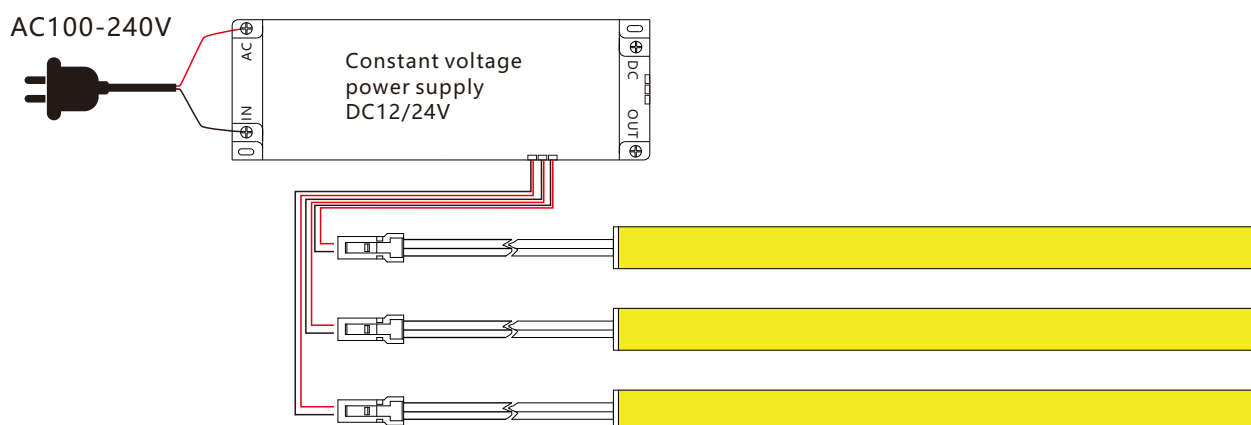

Note: The light length can be customized and cut to any required size on demand.
